

Research Proposal

Research Title:

1. Background of Research
2. Purpose of Research
3. Name and Address of Institute Conducting Research
4. Research Supporting Organization
5. Names and Titles of Lead Researcher, Co-Researcher, and Staff in Charge
6. Period of Research
7. Human Research Subject
8. Number of Expected Human Research Subject and Calculation Grounds
9. Human Research Subject Recruit
10. Agreement from Human Research Subject
11. Research Method
12. Observation Items
13. Criteria and Method of Effectiveness Evaluation
14. Criteria and Method of Safety Assessment
15. Material Analysis and Statistical Method
16. Expected Side Effects, and Precautions and Measures
17. Criteria for Cessation and Failure
18. Risks and Benefits for Human Research Subject
19. Safety Measures for Human Research Subject and Measures for Protecting Privacy
20. Reference
